

Final Presentations

Data Boot Camp
Lesson 20-4.2

The Big Picture

Project Segments

This Week: “Put It All Together”

Sketch It Out

Decide on your overall project, select your question, and build a simple model. You'll connect the model to a fabricated database using comma-separated values (CSV) or JavaScript Object Notation (JSON) files to prototype your idea.

Build the Pieces

Train your model, and build out the database you'll use for your final presentation.

Plug It In

Connect your final database to your model, continue to train your model, and create your dashboard and presentation.

Put It All Together

Put the final touches on your model, database, and dashboard. Lastly, create and deliver your final presentation to the class.

Module 20

Today's Agenda

Today's Agenda

***PRESENTATION
TIME!***

Teams will be presenting their final project.

Make sure you've downloaded
any relevant class files!
